The half-breed children born between 1870 and 1885 will probably find that if the "old party" are returned to power, they will be as far as ever from getting their scrip. Mr. Laurier expressed his opinion two years ago in favor of granting such scrip.

THERE is some talk in town of holding a societies' picnic. If all the friendly societies agree and arrange such an event the town council should appoint the day selected as a civic holiday, as nearly every man in town is a member of one or other of the societies.

A MOVEMENT is on foot to form a rowing club with headquarters at Cooking lake. It is proposed to have one or two four oared boats on the river. All interested are asked to attend a meeting next Thursday at 8 p. m. in Dr. Goodwin's office. W. G. Plowright and J. Carpenter will furnish any information.

AUTHORITY has been received by W. McAdam, D. D. C. T., to organize an I. O. G. T. lodge in Edmonton and a meeting will be held to-morrow night at 8 p. m. sharp in the vestry of the Baptist church for the purpose of organizing what will be the first lodge in Edmonton of the grandest temperance society of the world.

JNO. MCINNIS of Horse hills on Monday brought in a sample of Austrian broom grass which is growing on his place. It is 33 inches high and grew from seed obtained from Guelph experimental farm and sown in the middle of May last year. Last summer and fall was unfavorable to its growth, and the horses eat it off so close that it could hardly be seen. This spring however the new growth has thrived wonderfully well with the result above mentioned.

## A NOVEL FOOTBALL MATCH.

On Tuesday evening an amusing game of football was played on the race course between teams selected from among the fat and lean men of the town. A large number of spectators of both sexes were present to watch the fun and evidently enjoyed the sport. The teams were as follows: Heavies: John Kelly, goal; W. Durrant, K. W. Mackenzie, backs; D. Grierson, W. H. Cooper, W. R. Hovey, half backs; W. Short, captain; E. Devlin, Ed. Looby, N. G. Fisher, M. Brunelle, forwards; umpire, J. Brown. Lights: J. Harding, goal; W. T. Henry, S. Shivers Wilson, backs; J. H. Morris, F. Ross, Dr. Harrison, half backs; T. G. Lauder, E. L. Smith, H. Hovey, captain, J. Douglas, J. A. Stovel, forwards. T. R. Haddon, umpire. J. W. Kelly was referee. The total weight of the heavy men was 2120 pounds and of the light men 1477. Hovey won the toss and elected to play with the sun at their back. The fun commenced as soon as the kick-off took place. The excess of avoidousness possessed by the heavy men prevented the little fellows from tripping them though they did their best at every opportunity. A foul was called about every two or three minutes when a player had stepped the career of the ball with his hands. Tom Lauder was probably the most active man on the field and the manner in which he tried to get Barney Cooper's Irish up was amusing. D. Grierson divided the honors for activity with Lauder. It was evident from the start that Hovey's team were overweighed by their opponents who scored the first goal, just before half time. In the second half the teams changed ends and the light men made try after try and even got the ball through goal once but were not allowed to score as the other side claimed a foul. The heavy men were pressed very hard during the balance of the game, but no further goals were made, so that the lights were one goal to the bad though they claim that they played so well against fearful odds that it should have been declared a draw. There is some talk of playing a return match for a supper.

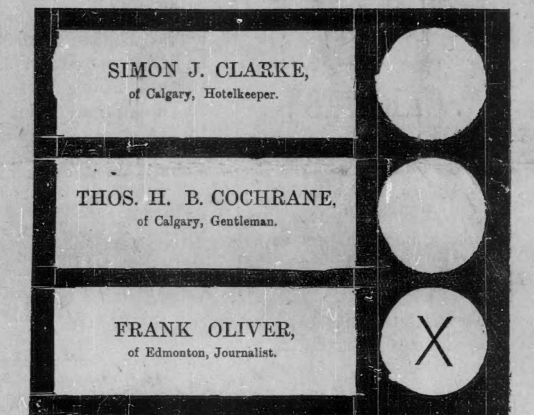

## CAMPAIGN MEETINGS.

The Cochranites have had a busy week this week and the liberals have been careful to allow no meetings to go by default.

At Horse Hill last Friday a meeting was held in Mr. Oliver's interest in the school house. C. M. Woodworth was the speaker for Oliver and S. S. Taylor for Cochrane. A. McLay also spoke in favor of Oliver. The speaking on both sides was good and the meeting closed with enthusiastic cheers for Oliver.

At Namas school house on Monday evening a Cochrane meeting was addressed by S. S. Taylor for Cochrane and S. Shivers Wilson for Oliver. There were five conservatives and seven liberals from town, and the audience numbered exactly 45. The majority of the farmers having come over from Poplar lake. P. McDermott was chairman.

If you wish to vote for Frank Oliver, Mark your Ballot thus

man. The speakers were well received and listened to attentively. At the close of the meeting rousing cheers were given for Oliver.

At Partridge Hills on Monday afternoon G. E. Grogan spoke for Cochrane and Mr. Finkler for Oliver. The meeting was decidedly in sympathy with Mr. Oliver's candidature.

At Agricola Monday evening G. E. Grogan was again the speaker for Cochrane and M. McCauley for Oliver. The meeting closed with cheers for Oliver and McCauley's efforts are highly spoken of.

At Sandy Lake on Tuesday evening R. Hockley and Dr. McInnis occupied about 45 minutes between them in speaking for Cochrane. C. M. Woodworth followed with an hour's speech for Oliver. J. C. F. Brown and S. Gannham came next and took up another 40 minutes in replying to Mr. Woodworth. The meeting was decidedly in favor of Oliver. At its commencement it was an open question whether the majority were for Oliver or Cochrane, but at its close there was not one known adherent of Cochrane present outside the speakers and the electors separated after giving a round of cheers for Oliver.

At Poplar Lake last night the meeting was called by Oliver's supporters and was addressed by S. Shivers Wilson. The only Cochrane present was G. Goodall. At the close of the meeting a committee was appointed for duty on polling day and cheers were given for Oliver.

At Fouquet yesterday afternoon a meeting could not be got together until about six o'clock when it was addressed by C. M. Woodworth and was enthusiastically in favor of Oliver.

The Cochrane meeting announced at Leduc last night did not take place. J. C. F. Brown and C. M. Woodworth were present for Cochrane and Oliver respectively but no electors turned out and no meeting was held.

Reports of other meetings will appear in next issue. From the country north of Fort Saskatchewan information is to hand that a large majority of the electors are in favor of Oliver.

A GRAND rally of the Young Albertans will be held on Friday night in the Taylor block.

## A CONTRADICTION.

Copy of a statutory declaration by Mr. John Quirk, denying the report of the conversation between himself and Mr. Cochrane, as contained in the declarations of Mr. Nolan and Mr. Cochrane.

I, John Quirk, of Sheep Creek, in the district of Alberta, ranchman, do solemnly declare:

1. That several weeks ago Lieut. Thomas B. H. Cochrane, conservative candidate for Alberta, visited my house and in the course of a conversation with me about election matters said: "As to those Catholics and damned half-breeds up north I don't know how it will go."

2. The letter written by Hovey Harvey in the issue of the "Herald" of June 12th, 1896, respecting what took place on his visit to my place is practically correct in every particular.

The declarations of P. J. Nolan of June 8th, 1896, and Thomas B. H. Cochrane of June 5th, 1896, are false when they state that no mention of Catholics as above stated was made by Mr. Cochrane in his conversation with me above referred to.

And I make this declaration conscientiously believing it to be true and knowing that it is of the same force and effect as if made under oath and is supposed to have underpinned and by virtue of the "Canada Evidence Act, 1891."

(Signed) JOHN QUIRK.

Declared before me at Sheep Creek, in the district of Alberta, this 13th day of June A. D. 1896.

(Signed) JAMES SHORT,

A commissioner for taking affidavits in and for the N. W. T.

## THAT "CONTRADICTION."

The insane attempt of the Herald to counteract the effect of Mr. Quirk's statement as to what was said by Mr. Cochrane about the Catholics "up north," is on a par with its recent attempts to explain away some other matters in connection with this contest, and will have a similar result. There are men in Edmonton who know Mr. Quirk and say that he is highly respected by all

who are acquainted with him. He is a man whose word may be depended upon. It will be seen that the words used by Mr. Cochrane as given in Mr. Quirk's declaration are not exactly the same words as have been attributed to the conservative candidate, but there is no disputing the fact that the meaning of the correct phrase is practically the same for Catholics and Half-breeds both placed in the same category. It is an easy matter for a clever lawyer like Mr. Nolan to word his declaration so as to go right round the question without giving a straight and convincing denial. Mr. Quirk is not a lawyer and the straightforward statement in his declaration is to the point, and given without any superfluous words. The declarations of Mr. Nolan and Mr. Cochrane were flaunted before the electors at the Macdonald meeting in such a manner as to convey the idea that the "grits" were denied to obtain a refutation of them from Mr. Quirk. The "contradiction" is now in the hands of those electors and they can form their own opinion on the matter. The Herald's invocation of Dogberry and coarse remark thereon are worthy of the source from which they spring. That instance is only one more proof that asinine folly must overreach itself.

A GRAND rally of the Young Albertans will be held on Friday night in the Taylor block.

Principal Grant: There is scarcely a page of our tariff from which illustrations could not be drawn to show that our tariff discourages industry, or that it is constructed not so much in the general interest as in that of some particular person or company that has managed to get the ear of the finance minister.

When wheat was at \$1 a bushel in MacKenzie's time the torries walked over the low price and promised that this N. P. would greatly increase the prices. Now wheat ranges from 54c. to 73c. in Toronto. It has been as low as 50c. to 54c. here, and best No. 1 hard is now worth only 58c. afloat at Fort William—Vancouver World.

Cecil Rhodes and Barnato, the latter the multi-millionaire, known as King of Kafirs are said to be turning their attention to the mining regions of British Columbia and have now an expert at Roseland, who is said to have declared that there are ten times more wealth in the Trail district of that province than in the whole of South Africa.

## UNPROGRESSIVE CANADA.

Reynold's newspaper, the most widely circulated of any paper in England amongst the artisan classes has the following to say about Canadian politics:

People are surprised here to be proud of the "Empire on which the sun never sets," and speeches in praise of it are constantly being made, and yet we wonder how many people really know anything whatever about it or in their hearts care one pin except for some portion of it in which they have invested their money. Let us take the oldest, and the largest of the British colonies—Canada. This is a country some twenty-five times as big as the United Kingdom, and though much of that large territory is mere snow and ice, where human beings will never live, yet there is an enormous margin capable of sustaining a big population. But the population does not come. While 50 million people might live with comfort in Canada, its population is almost stagnant, being only a few thousands more than are contained in London alone. Few English people know this or trouble their heads in any way about it; yet it is striking indeed, a startling fact. While the United States have grown to be a community of nearly seventy millions of human beings, Canada has only a beggarly five millions. How is this? Of course the United States have by far the finer part of the continent, and yet even this does not account for the marked contrast. Canadian immigration agents have touted all over Europe at great expense, and yet very few fish have come to their net; while of those that have come a large proportion have slipped through into the United States. There must be some explanation for this fact, and we find the explanation in the predominance for nearly twenty years of the Conservative party in Canada with its high protective policy, its utter incapacity for the higher statesmanship, its rigs of contractor, jobbers, protected manufacturers, and its silly attempt to draw England herself into its protectionist ring-fence.

The only hope for Canada lies in the abandonment of a policy which has yielded such deplorable results as those to be found in Canada. These results are briefly as follows: "The formation of a large section of "unemployed" (in a new and thinly populated country) due to the artificial attempts to stimulate industries for which the country is not fitted, and possibly never will be. The piling up of a huge debt, now one of the very largest in the world in proportion to the size of the population, the whole of the Dominion, provincial and Municipal, debts now amounting to a sum of over £17 per head for every man, woman and child in Canada—an alarming and disgraceful fact. The building of railways which do not and cannot pay by a system of public subsidies involving wholesale political jobbery and corruption. The deliberate attempt to make bad blood between the United States and Canada by a futile and vain rivalry, and so dragging England into constant difficulties with the United States which every sensible Englishman deprecates. The presence alike of a small population and a high taxation. Such are the undeniably results of the Canadian conservative policy which, in its present form, dates back to about the year 1877, and of which the late Sir John Macdonald was the founder and patron. His successor in the game is Sir Charles Tupper, who, beginning political life as a poor man, has contrived to amass millions, and whose policy is nothing but a pot-pourri of political jobbery and humbug from beginning to end. It is to satisfy this man that Mr. Chamberlain has been talking an infinite deal of nonsense on the Canadian question.

What Canada needs is the restoration to power of the liberal party, with its able leaders and sagacious and generous policy. The Canadian liberal idea is that of developing the country, not by subsidizing interests and plundering the tax payer in favor of the fat railway contractor, but by the natural expansion of trade. The game of high protection which both the United States and Canada have been playing has terribly injured the latter, which ought naturally to find her best markets in the great American cities. The aim of the Canadian liberals would therefore be to bring about better relations between the two countries which would benefit the whole continent of North America. Until this is done, immigrants will largely leave Canada alone and no small proportion of those who

do go there will find their way before long over the border. When, therefore Canada's policy is wiser artificial and expensive methods of attracting immigration will be unnecessary; the population will begin to grow naturally. No more public money will be flung into the greedy maw of the railway corporations, and there will be, therefore, no more opportunity for the politicians at Ottawa to make money by corruption. When the wave of protectionism which at present sweeps nearly all over the world recedes Canada will return to her sedes and will once more place her in the competent and—in the main—honest hands of the liberal leaders of that country.

## RED DEER.

Meetings in the interests of the government candidates were held at Edw. and Penhold on Friday last. The apologists for Mr. Cochrane were Messrs. Muir, Oldham and Freeman, who, as usual paraded the nightmare of "Free trade as they have it in England," interlarded with assurances that the financial superiority of Mr. Cochrane would make up for his want of oratory.

At Edw. Messrs. Ross, Smith, Wilkins and Wilson spoke for Mr. Oliver, and at Penhold Mr. Jones effectually controverted the arguments for the defence, in which work he was ably supported by Mr. Chappel.

At a largely attended conservative meeting held at Tindasfall on Saturday. Messrs. Nolan, Oldham, Freeman and West, assisted by Mr. Christianson, who spoke in Icelandic, drew a harrowing picture of the misery which would ensue as a result of the election of Mr. Oliver, which affected some of the ladies present to the verge of tears. The enthusiasm of one gentleman was so marked that the hopes of the government representatives were aroused and that they had at last succeeded in securing a vote in the district for Mr. Cochrane, until on investigation it was found that the enthusiastic voter had been under the impression that Mr. Cochrane was a candidate for township overseer. Upon his error being made clear to him however, the elector relapsed once more into his previous condition "again the government," Messrs. Martin, Wilson and Wilkins spoke for Mr. Oliver.

## LEDUC.

Roads are almost impassible. Crops look splendid all over. Thos. Zeager intends moving into his new premises in the near future. Leduc has now an operator in the name of Sam McNamara, the champion bicyclist of the Territories.

N. Douglas is erecting a stable in the rear of Telford & Co., store. Frank Oliver held a rousing meeting here last Thursday. The meeting was an Oliver one throughout. Mr. P. J. Nolan spoke in behalf of the C. P. R. candidate. He censured the liberals mode of settling the school question by commission, by saying that the government desired to shelve a question they appoint a commission, which is very true for that is the way they settled the freight rates questions two years ago.

June 15, 1896.

## NAMAO.

The trustees of Sturgeon school district are now in a position to go forward with the new school house. A site has been secured a few rods west of the building in which school has been held up to the present time. Mr. Johnston, of Edmonton, has the contract for building the foundation, which is of brick, and work will commence at once. It is not yet known who will get the contract for the building itself as the tenders have not yet been opened.

We expect to have a cream separator working in this neighborhood in a short time. It will be placed in a building on Mr. Hutton's farm for this season.

Miss Martha Craig, who has been spending a month with her relatives here, left for Minneapolis again on last Friday's train.

Crops are looking well, the weather having been very favorable this spring. Several political meetings have been held here lately.

June 15, 1896.

## OLDS.

Common sense conservatives of Old's district are dropping partyism and going to vote for the man they think will give honest representation to the Northwest. Mr. Oliver has been in with us and has a flattering support as a result of his straight, independent common-sense views on the issues before the electors of Alberta.

A. L. Lawrence has returned from Helena, Montana, by trail and states that every place he struck coming up through Southern Alberta, it was, "Oliver, Oliver, Oliver." That's the stuff.

The Rosebud creamery is now in full operation and turning out its usual grade of first class butter. We predict a good season's run as the pasturage is of fine quality.

The crops are advancing fairly in some localities and in others only medium, which difference is largely due to variety of quality of seed sown. However, upon a whole the prospects are bright and we hear less grumbling.

There is some talk of the Sunday school of Olds and neighboring localities uniting and having a picnic on Dominion Day.

Rev. Naimith returned last Thursday from the Pine Lake district, where he spent several days visiting the settlers and conducted services on Sunday. He reports having spent a very pleasant and profitable time there. Rev. Crookford, of Innisfail, filled Mr. Naimith's appointments in the latter's absence.

School will close here on June 30th, and the teacher, Mr. McLeod, will at once remove with his family to Idaho, where it is understood he will pursue his profession.

Court revision of Olds school district comes to-day in the school house and the matters of "excessive assessment," of the railroad company and townsite company

will be considered, also any other cases which may appear.

It is generally conceded that Oliver will carry by a good round majority in Olds district, notwithstanding it being always looked upon as a "tory stronghold."

June 15, 1896.

The Times has a dispatch from Canes, Island of Crete, which says that great alarm continues among the Christians there. They assert that only the presence of foreign warships has saved them from a general massacre. The principle source of fear to them are the Turkish soldiers, who are the same as those who gained notoriety at Zeitoun at the time of the Armenian massacre. They are selling watches and jewelry, which they openly state they took from Armenians. It is asserted also that human ears, with earrings in, are being sold. "There is every probability," says the Times, "that in the event of disturbances, the soldiers would join the mohammedan mob. The insurgent chiefs at Askytho declare that the Turks lost 200 men at Vamps, and the Christians 33 men."

EDITOR BULLETIN.

Sir: I have read the solemn declarations of P. J. Nolan and T. B. H. Cochrane, the conservative candidate, accusing me of writing a letter to Antonio Prince, with malicious intent towards Mr. Cochrane. I have to state that I was informed by Mr. Billings and Horace Harvey advocates, that Mr. Quirk had given them the information with respect to the Catholics and breeds that I mentioned in my letter. A solemn declaration from Mr. Quirk is going up this mail wherein he states that Mr. Cochrane did make such a statement to him and that he never stated to Mr. Nolan that Mr. Cochrane had not made that statement and that Mr. Nolan and Mr. Cochrane's declarations are false.

Yours truly,  
WM. B. BARVIS.

Fort Chipewyan, May 15th, '96.  
EDITOR BULLETIN.

DEAR SIR: In your paper of the 10th March, I notice a paragraph in which it is said that I intended to visit Vermilion to investigate the affair of the death of Antoine Bertrand, which occurred in November last. I am not a justice of the peace having retired from the position several years ago and I never intended to go to Vermilion for any other purpose than a business one if necessary.

After receiving a report of the occurrence from Mr. Wilson, the unfortunate man's master, confirmed, if it were necessary, by Wm. Lamber and Wm. Flett, farmers at Vermilion, who brought the Vermilion mail here in January and March, and who were present on the unfortunate occasion, I was persuaded that nothing of a suspicious character was connected with the occurrence, and had it been otherwise, I would have been told so. Rev. M. Scott and A. Warwick, Rev. Fathers Jousard and Dupin and the brothers Lawrence, who must have had opportunities of knowing the true nature of the affair, would not have allowed the affair to be passed over without taking action.

I am  
Yours truly,  
WM. M. MACKEY.

A Free Press telegram from Barcelona June 8 says: A bomb was thrown into the crowd during the Corpus Christi procession Sunday, and its explosion resulted in the killing of six persons and the injury of fifty. The perpetrator of the deed is as yet unknown, and his motive is equally a mystery.

It will be observed that voters at Saddle Lake, Whiteside Lake and Victoria will all have to send their names to T. D. Lines, Fort Saskatchewan, who is enumerator for each of these divisions, and the voters' list must be made at the enumerator's residence. Also voters at Logan and Whitford will have to place their names with enumerator J. F. Forbes, Fort Saskatchewan.

# BY-LAW NO. 116.

A By-Law to authorize the Municipality of the Town of Edmonton to subscribe for shares to the amount of \$50,000.00 in the capital stock of the Edmonton District Railway Company.

Whereas, a petition signed by at least three-fourths in number of the resident ratepayers of the Municipality of the Town of Edmonton, entitled to vote on by-laws requiring the assent of the electors, has been presented to the Municipal Council of the said Municipality for the passing and due ratification of a by-law to authorize the Municipality of the Town of Edmonton to subscribe for shares to the amount of \$50,000.00 in the capital stock of the Edmonton District Railway Company;

And Whereas, the said, Edmonton District Railway Company contemplates constructing, maintaining and operating a line of railway, connecting within the Municipality, and the Municipality is, in the opinion of the Municipal Council, interested therein;

And Whereas, it is deemed expedient that the Municipality should subscribe for shares in the said, Edmonton District Railway Company, subject to such conditions to be agreed upon between the Municipality and the Company, prior to such subscription as shall appear necessary and expedient to the Municipal Council for the protection of the interests of the said Municipality;

And Whereas, for the purpose aforesaid, it is necessary to borrow the amount of the sum to be subscribed for, either in one sum or in several sums from time to time, as it becomes necessary to pay the calls upon the stock;

And Whereas, it is expedient that the subscription moneys when raised shall be raised by the issue of debentures aggregating the said sum of \$50,000.00, payable in twenty years, bearing interest at the rate of six per cent. payable half yearly;

And Whereas, the amount of the whole rateable property of the Municipality, according to the last revised assessment roll, is \$1,123,780.00;

And Whereas, the total amount of the existing debt of the Municipality, outside of the debt due for the current expenses of the year, is \$18,510.88, incurred for local improvements, and \$30,355 incurred for permanent improvements, making in the whole the sum of \$48,865.88, whereof no part is in arrears;

And Whereas, it is expedient to provide for the payment of the principal of the said debentures by the creation of an equal yearly sinking fund;

And Whereas, the total amount to be raised annually by special rate for the paying of the said debt, by means of a sinking fund as aforesaid, and the interest thereon as aforesaid, is \$6,012.39;

And Whereas, the annual special rate on the dollar as being sufficient to pay the said interest and to create the said equal yearly sinking fund for the payment of the said debt is \$0.00 mill;

Therefore, the Mayor and Council of the Municipality of the Town of Edmonton in council assembled, enact as follows:

1. This By-Law is to take effect on the first day of June, 1896.

2. The Mayor and Clerk of the Municipality are hereby authorized to issue debentures of the Municipality to the aggregate amount of \$50,000.00, payable within twenty years from the date of the date on which this by-law takes effect, with interest at the rate of six per cent. per annum, payable half yearly, such debentures to be payable at the office of the Treasurer of the Municipality of the Town of Edmonton, and to be secured by the coupons for the payment of interest.

3. For the purpose of paying the amount which shall be required to be paid for the payment of the principal of the said debentures and the interest thereon, the Mayor and Council of the Municipality, in and to the said Municipality, shall, by means of a sinking fund, upon the whole rateable property in the Municipality, in each year for the period of twenty years during which the said debentures shall be current.

4. The said debentures, when so issued as aforesaid, shall be deposited with the Treasurer of the Municipality, and the same, or the proceeds thereof, shall be by him delivered to the Edmonton District Railway Company, only after the passing of, and according to the provisions of a by-law to be hereafter passed by the Municipal Council in that behalf, confirming an agreement to be made hereafter between the Municipal Council on behalf of the Municipality, and the Edmonton District Railway Company.

5. Tuesday, the 5th day of May, 1896, between the hours of nine o'clock in the forenoon and five o'clock in the afternoon, at the office of the Town Clerk, Edmonton, is hereby fixed as the day, place and hour for taking the votes of the electors for and against this by-law.

6. Arthur G. Randall is hereby appointed Returning Officer and George Jellet, Deputy Returning Officer to take the votes at the said time and place.

7. Tuesday, the 26th day of May, 1896, at the hour of six o'clock in the afternoon, at the office of the Town Clerk, Edmonton, is hereby fixed as the time and place where the votes of the electors shall be taken, and the number of votes given for and against this by-law.

Provisionally assented to in council at Edmonton this 28th day of April, A. D. 1896.

M. McCALLISTER, Acting Mayor.

A. G. RANDALL, Town Clerk.

Finally passed in council this 26th day of May, A. D. 1896.

## TO THE FARMERS OF ALBERTA.

As a resident farmer of this district, I find a great many of our class do not take the interest in political matters of the day that they should. Why is it that money is so scarce, and times so hard with farmers here; I find that in 1895 we received over a million dollars for cattle alone what has become of this and the large amount of money brought in by settlers the same year? It has left the district to pay for goods and freight which cost us fifty per cent more than they should on account of protection and monopoly. If we had a tariff for cereals only and that on the luxuries of life and railway rates regulated by the government as they should be the cost of living in Alberta, would be reduced fifty per cent and leave us money in hand to develop our farms.

How are our local markets protected? British Columbia, should be our market for butter, beef and mutton, flour and feed, if railway rates were equal in all parts of the country but instead the government of the day pays the C. P. R. to carry for wheat and railway from Australia, butter, beef, mutton, wool etc., for our markets costing less freight than we are charged for a few miles. The result is we sell for low prices and buy at high ones. You can buy Canadian made farm machinery for less in foreign countries than in Alberta on account of our protection; the farmers wool, wheat, and other articles that are called raw material are free, but when manufacture are protected; the result is 45 cents per bushel and \$5.00 per barrel for flour, ten cents per pound for wool one to two dollars per yard for cloth, and so on in many cases.

I think a change of government would benefit this country. Our debt is enormous and growing a million more each year and very little to show for it. The interest at present is over \$27,000.00 per day to be paid by less than one million ratepayers and there must be a halt or ruin is sure to be the result.

We should elect Frank Oliver for Alberta. He is a man who has been tried and found to be on able representative in our local councils, a man who has spent many years in this and is in a position to know the wants of the people and a man able to stand up and demand our rights where as on the other hand his opponent is a man who is not a good speaker and his agent told us at Bowden he had not been successful in his business, but he thinks if we sent him to Ottawa he can draw a salary and hold up thumbs to the order of Sir C. D. Bane. But farmers and all others should say no, and cast their votes for Frank Oliver.

## GERMAN BAPTIST CHURCH OPENING.

The Otsewaagan Baptist church southwest of the Rabbit Hills, held their church opening services on Sunday the 7th inst. The weather was all that could be desired, bright, sunny and warm. A large crowd of people, from far and near congregated to take part in the services, and listen to the discourses of the day. The friends from east Leduc neighborhood turned out in great numbers; quite a number of ladies came, all the way from W. Saskatchewan, and several were present from South Edmonton.

In the morning Rev. G. A. Schulte, superintendent of German Baptist missions for the United States and Canada, was introduced by the pastor, Frederick Mueller, and preached an appreciative discourse all the while the house of God, and this the gate of Heaven." At the close of this service, as many of the congregation as came from a distance were served to a good substantial repast by the ladies of the church in the building.

At 2 p. m. Pastor Wm. Mueller, of Winnipeg, preached an edifying discourse, also in German. Between 3 and 4 p. m. Rev. Hoyler, missionary pastor of the Moravian Brethren in the reserve southeast of Edmonton preached an appreciative discourse also in the German language. In the afternoon the congregation was augmented by quite a number of English speaking people, from various localities, south, east and west, some of them all the way from Edmonton, and between 4 and 5 p. m., Pastor A. McDonald, of South Edmonton, addressed them in English from I Cor. 1:2, "The Church of God," developing thoughts of the character, work and encouragement of the church of God, or the new testament church, after which superintendent, G. A. Schulte gave a synopsis of Mr. McDonald's discourse in German, for the benefit of those who did not understand English. To a strange, though even unable to understand, a word of German, the words of these German discourses felt to be very impressive, and from the manner and enthusiasm of both speakers and hearers during a discourse in their native tongue, most intense earnestness and enthusiasm were manifested. The praise part of the service was something grand, a choir of 50 or 60 trained singers directed and timed by a thorough musician and choir master, leading off and the whole congregation men, women and children, chiming in with a heart and will, made that part of the service most inspiring and uplifting to the spectator, and left the impression, most emphatically that after all there is no music like that of the well-trained human voice.

The church edifice dedicated on that day is a substantial well built frame structure 50 by 30 feet, comfortably seated and tastefully furnished, a credit to both the pastor and the people, especially in such hard times as the present. Much of the praise is due to Pastor Frederick Mueller, who for the last three years has labored so incessantly and so solely in the leadership of this people in conjunction with the congregation at east Leduc and Wetskiwin. Amid much privation he has persistently continued to labor with these congregations the past year with scarcely enough to maintain himself and family with leaving off from rest and fields in the distance to secure them with the promise of abundant remuneration, patiently waiting for, and confidently expecting the assured reward, "in that day."—Comm.

A recent dispatch from London says: "The chief secretary for Ireland, Mr. Gerald Balfour, in the house of commons to-day moved the second reading of the Irish land bill. During the debate which followed Mr. Timothy Healy, member of North Louth threatened Mr. John Morley, member for Montroseburgh, and chief secretary for Ireland in the late government and sharply arraigned the government. The Irish land bill was passed to its second reading without a division.

(INCORPORATED 1670)

The flowers that bloom in the spring tra la,  
Have nothing to do with the case tra la.

The poet was in error; this is wrong. They have something to do with the case. They have a mission to perform in cheering the heart of man for whom all things in this universe have been ordered. A springtime is a necessity for all things animate or inanimate. We have a rare lot of goods on hand in the springtime of their existence, and we wish nothing better than to see them blossom into summer on the persons of our customers.

CASHMERETTES—Our leading line in cotton dress goods, fast colors, unexcelled for beauty and finish, 12½ cts. per yard.

LUSTRES, fancy colored, in dress lengths, one of the leading novelties of the season at from \$5.00 to \$10.00.

Ladies' Cotton BLOUSES and Shirt Waists, 85 cts. to \$1.75 each.

CHEMISETTES, 30 cents each.

Ladies' Black Cashmere HOSE, extra value, 3 pairs for \$1.00.

HYGELAN UNDER VESTS, 3 for \$1.00.

Clothing.

Our new season's Clothing is extra value. See our \$9.00 Men's Tweed Suits.

Boots and Shoes

We are not sole agents for Geo. T. Slater & Son, but still we sell their boots. We also handle other lines from the best manufacturers in Canada and the United States, and are in no danger of being undersold. If Slater's Boots won't suit you we can produce some others that will.

That our goods are bought right there is no room to question. That we sell them right is a matter on which we await your decision, and we have to thank our customers for a most substantial expression of opinion in our increased sales at

HUDSON'S BAY Stores.
